

First in India

We always remember those, who stood first. It is human tendency no doubt on it. Anything happen or was done first time, it becomes a history.

You can consider anything that is done or happened first time, it includes first President or the first Man to walk on the Moon.

So why we should bother about it, what is the hell use of to remember these people name? This kind of knowledge is essential when you want to crack government exams.

This type of question can be asked in any entrance exams, these types of question fall under current affairs section.

So here we are going to list, First in India. What does it actually mean, in simple it is meant that what is happened/ occurred/ who became first / and all this kind of information is listed below
